YesICAN is heading into its 20th year in operation. In the first month that we opened we had a total of 10 visitors to our website. Within months that number rose to thousands of people visiting the site from all over the world. We take great satisfaction knowing that after 20 years, we have been able to provide hope, support, research and access to resources to nearly six million people. YesICAN remains the only all-volunteer organization that provides trained facilitator-led online support groups for survivors of abuse free of charge.

YesICAN recently got the attention of famed country singer **Hannah McNeal**. Hannah wrote and performs the song "Unbroken Angels" in a video that was released on YouTube December 1, 2015. The response has already been tremendous and we anticipate it going viral. "**Unbroken Angels**" is a beautiful song about the harsh reality of child abuse and a plea to help break the cycle. The world premiere of the "Unbroken Angels" video will be held in April 2016, coinciding with International Child Abuse Awareness month and the 20th Anniversary celebration of YesICAN.

Additionally, **Crescendo Benefit Concert** is an all-volunteer repertoire comprised of professional musicians and singers performing once a year for the soul purpose of supporting a non-profit organization. It is our honor to announce they have selected YesICAN as the benefactor of the charity concert scheduled June 11, 2016.

We are so pleased to have the attention and support of our celebrity ambassadors and hope to continue the momentum from additional supporters and welcome your participation. In addition to funding, we are looking to grow our volunteer committees as well as our Board of Directors.

2016 promises to be our break out year and we hope that you will be a part of it.

Happy New Year to you,

Sue A. Meier
